What is euandi2019 and how does it work?

euandi2019 is a Voting Advice Application built to help citizens make an informed choice in the 2019 European Parliament elections. Available in over 20 languages, it invites users to react to 22 statements covering a wide range of contemporary policy issues and political values in European politics. The results show which parties stand closest to citizens' preferences, both in their country and all across Europe.

euandi2019 is part of a larger project on citizens' voting rights in Europe. See more at <http://spaceu2019.eu/>.

Your results are being calculated...

You will be able to click on the names of the political parties to see in detail how they overlap with your views, values and priorities.

You can also explore the Radar and Landscape that graphically illustrate the overlap of your views with the positions of the political parties. A unique feature will allow you to compare your views with the political parties running for election in all member states. Try it out!

Parties alignment with you

Radar

Landscape

This Landscape graph shows your position relative to the political parties on a two dimensional ideological space. The horizontal axis maps the left-right economic dimension. The vertical axis maps a cultural dimension ranging from liberal/pro-EU stances to conservative/anti-EU stances.

All parties in the EU

NOTE: This Landscape only accounts for 2 dimensions of the political spectrum and is therefore less accurate in comparing your positioning to political parties relative to the alignment percentages and the Radar. Accordingly, you may not always be positioned on the Landscape closest to the party that most aligns with your statement positioning.
